Good Afternoon Council woman Monica Rodriguez,

I know there's homeless EVERYWHERE and I know it's an issue, and becoming an epidemic.

My questions and concerns are:

Can a citizen of the city throw away , things that are left on the streets, sidewalks, in front of curbs , stores, homes, etc.?

I know that we can call dept. of sanitation but if it's not in front of our own homes can we still report it?

How do we go about getting streets paved ?

How do we go about getting streets lines repainted?

If you drive down Sepulveda Blvd. between the 118 freeway and Pico Adobe off Brand Blvd. the street lines are terrible you can't see them at night , when it rains, if the sun is blazing etc.

There are 2 mobile parks in that area and older people live there and I'm sure if I can't see the lines someone older than me with maybe worse eyesight can barely see them.

Must we wait til someone gets killed to fix it?

Thank you for your time and have a blessed rest of your day,

Sincerely,
